TO THE SUPREME COURT OF THE STATE OF NEW YORK

The complaint of the plaintiff [your name], DEVI NAMPIAPARAMPIL

respectfully shows and alleges as follows: [number each paragraph]

1. The plaintiff, herein, Devi Nampiaparampil, is a resident of the state of New York. Dr. Nampiaparampil resides at 250 West 50<sup>th</sup> Street New York, NY.
2. The defendant, herein, the New York City Campaign Finance Board, has a principal place of business of 100 Church Street, New York, NY. Defendant is engaged in the business of publishing non-partisan impartial voter guides, providing information on candidates, and the distribution of those guides to each household where there is at least one registered voter eligible to vote in the election involve these voter guides accompany New York City election ballots.
3. Plaintiff desired to have her information included in the voter guide and submitted information on her candidacy to the CFB.
4. The CFB emailed Dr. Nampiaparampil on Tuesday September 28<sup>th</sup>, after the general election ballots had already been received by some voters, that it had determined not to include any of her voter profile in the online or print voter guide → other than a portion of the name that is on the general election ballot.
5. The other candidates in the race will have their full profiles. Dr. Nampiaparampil will have a blank section. All of the information Dr. Nampiaparampil submitted about her work treating combat veterans returning from Iraq + Afghanistan with catastrophic injuries and all of her work treating patients during the COVID pandemic will be hidden from voters.
6. Dr. Devi Nampiaparampil will be irreparably harmed if this voter guide is distributed to New York City voters. Monetary damage

will not solve the problem.

7. The candidates running against Dr. Nampiaparampil will have complete voter profiles. The CFB's decision will have a disparate impact on her.
8. The New York City Campaign Finance Board did not take minimal steps to correct any alleged technical issues and deficiencies with its website, the one used to submit the profile.
9. The CFB treated Dr. Nampiaparampil differently than it has treated other candidates with similar problems with their submissions.
10. Dr. Nampiaparampil would likely win this case on the merits.

WHEREFORE, plaintiff demands the print + online voter guide NOT be distributed until Dr. Nampiaparampil is granted fair and equal access to publish his information in it similar to the other candidates.

If it has already been distributed, the CFB should conduct a separate mailing immediately with her updated voter profile alone.

VOTES**

# **2021 voter guide submission reminders**

## **Remember**

- Your submission contains two parts! Review each part carefully. You must submit the Voter Guide profile and Video Voter Guide script/taping appointment **separately** by clicking the "Submit" button in each tab. **You will receive a separate email confirmation for each submission.**
- **You have a maximum limit of 750 characters for your entire Voter Guide profile.** You will not be able to submit your profile if you exceed the limit.
- You cannot leave fields in your profile blank. If you do not have any pertinent information for a field, type "N/A" or "None" to indicate it is not applicable. This will appear in your profile.
- Your Voter Guide script must not last more than two minutes when you read it. We recommend a limit of 1,500 characters (around 250 words) for your Video Voter Guide script. Time yourself reading your statement before you submit your script. If your statement runs longer than two minutes when it is taped, it will be cut off at the 2-minute mark.
- In order to protect the health and safety of candidates and Voter Guide production staff, candidates must follow the screening protocols for in-studio filming (see *Filming Requirements on page 6*).
- You must confirm that your submissions are true to the best of your knowledge by checking off the Candidate Affirmation boxes before you submit. All candidate profiles and scripts will be subject to a legal review by the Campaign Finance Board (CFB).
- All candidates who are on the ballot at the time of publication will be listed in the Voter Guide, regardless of whether they have submitted a profile or video.

For assistance with your Voter Guide submission, please contact Candidate Services at [VGSA@nyccfb.info](mailto:VGSA@nyccfb.info).

# 2021 voter guide candidate profile submission

## Candidate photo

If you do not want to publish a photo with your profile, check the box labelled "I do not wish to submit a photo".

If you would like to include a photo with your profile, upload a high-resolution digital photo, no smaller than 2 inches x 2 inches, with a minimum resolution of 300 dpi. We cannot enhance your photo, so make sure you provide a crisp, clear digital image. Make sure that your image is a .JPG or .PNG file, as our system cannot accept other image file types. All files must be less than 4 MB.

The image must be a recent headshot, showing just the face and shoulders. The candidate's face may not be obscured. Photos should not be cropped in too closely and there should be space around the candidate's head. The photo may not show the candidate's hands or anything held in the hands. The candidate may not be shown wearing any uniform, including but not limited to a judicial robe, or a military, police, or fraternal uniform. The CFB may crop images to conform to these specifications. If the photo you submit does not conform to these specifications, it will be rejected and you will be notified.

## Candidate profile

You are allowed a total of 750 characters maximum for all of the fields for your entire candidate profile. When you reach the 750 character limit, you will not be able to enter any additional characters. Fields in this section are required and cannot be left blank; enter "N/A" or "None" if the field is not applicable. The words in the questions are not counted against your maximum; only your answers affect your total character count.

### Name

Enter your name as you would like it to appear in the Voter Guide. This section is just for your name — do not include any honorifics (such as "Dr.", "Esq.", or "Reverend") before or after your name. These will not be published in the Voter Guide, and will be deleted if you enter them. NOTE: You may describe any advanced degrees or religious affiliations in the "Education" or "Organizational Affiliations" sections.

Your video can be a maximum of two minutes long. We recommend no more than 1,500 characters (around 250 words) in your script. You will receive a confirmation email when your script and taping appointment have been submitted. If you do not receive a confirmation email, contact [VGSA@nyccfb.info](mailto:VGSA@nyccfb.info) before the submission deadline. **You will not be allowed to edit your script after you submit it.**

- An infrared temperature check will be done upon entry to the studio.

# 2021 video voter guide on the day of your taping

Dear Honda and Kate,

I am attaching proof that I did upload all of my voter info to the site by the submission deadline. I just wasn't able to submit it by the deadline because of technical problems with the website. I'm attaching screenshots from the site. I am also attaching a pdf of what I had cut and pasted into the empty boxes. The text complied with the character counts and word counts.

Thanks.

Hi Honda,

I've been trying to submit the voter guide and script for several hours but I keep getting the spinning wheel. I'm attaching screen shots of the spinning wheel at 5pm and just a few minutes ago. I will not be up till midnight so I'm not sure what I should do about this. I attached the pdf and screenshots of what I am trying to submit earlier today so you should already have the content.

### Candidate Questions

**What is the #1 issue you would address if elected? (5 words MAX - the CFB will truncate or remove responses that exceed 5 words)**

Go after scam artist predators

**What is the #2 issue you would address if elected? (5 words MAX - the CFB will truncate or remove responses that exceed 5 words)**

Decrease taxes, fines, and tolls

**What is the #3 issue you would address if elected? (5 words MAX - the CFB will truncate or remove responses that exceed 5 words)**

Expedite paperwork at city agencies

**Candidate Statement (Enter what you would like voters to know about you or your campaign)**

Mismanagement, backwards laws and bureaucracy have pitted employees against employers, tenants against landlords, parents against teachers, patients against nursing homes & healthcare providers against hospitals: New Yorker against New Yorker, a survival of the fittest. The Public Advocate can publish the city's data. Jumaane Williams has failed. With transparency, private citizens will solve our city's problems.

**Background Summary (Provide a brief summary of your background, including any past experience, education, endorsements, or affiliations that you'd like to highlight in the printed Guide)**

When our city was infected with COVID, I treated patients. When we needed answers, I contributed to medical research. When we had an economic crisis, I created jobs. Unlike Jumaane Williams, I will fulfill the Public Advocate's mandate.

## Necessary Changes to Voter Guide Script and Profile

Hi David,

Thanks for your email. I thought it was strange too, but the current Public Advocate's wife has been named one of City and State's 40 under 40 top government/ corporate lobbyists. She is a lobbyist for NewsCorp (the parent company of Fox News/ The NY Post). I have attached the links below from her own employer and from the New York Daily News-- just you don't wonder why I said that. There are no false claims but I think it would be better if I focused on what I have to offer. I have revised my script and am attaching it below. I could not upload it to the system because it says the submission is already complete.

<https://www.gtlaw.com/en/news/2019/10/press-releases/greenberg-traurigs-india-sneed-named-to-city-state-2019-new-york-city-rising-stars-list>

Here is my revised script:

Mismanagement, backwards laws, and bureaucracy have pitted employees against employers, tenants against landlords, parents against teachers and vaccinated against unvaccinated-- New Yorker against New Yorker. It's been a survival of the fittest: a hunger games we play for the entertainment of billionaires looking down on us from space. Many people have lost confidence in the government, especially when they are up all night because of the noise, when they are afraid to walk freely because of the crime, and when they see garbage and feces splattered all over the communities they invested in. The Public Advocate can write laws to address these problems. The Public Advocate can publish the city's data but hasn't since 1993. With open data, private citizens can have the transparency they want. Government bureaucrats can be held accountable for their actions. And individual New Yorkers-- not corporate lobbyists-- can solve our city's problems. When our city was infected with COVID, my unborn baby and I risked our lives to treat patients. When our country needed answers, I contributed to scientific research. When we had an economic crisis, I created jobs. If I am elected, I will visit every Community Board because I care about every community in the city of New York. I will fulfill the Public Advocate's duties and guide us out of our current downward spiral.

Thanks for your help!

EXHIBIT C

Dear Devi Nampiarampil:

Thank you for providing the details about your request. The below response is on behalf of the Executive Director of the Campaign Finance Board (CFB). As we stated in our previous communications, the CFB will print your name as Devi Elizabeth Nampiarampil, which matches your initial submission, in our 2021 general election Voter Guide. Moreover, it is our long-standing policy that honorifics such as "Dr." are not included as part of the candidate's name. We hold all candidates to the same standards and cannot make any exceptions.

Secondly, we want to note that your profile in the online and print Voter Guide will only state your name. On August 4, 2021, we informed your campaign that you needed to resubmit your Voter Guide profile and Video Voter Guide script because the original violated Board rules mentioning opposing candidates by name. We provided an extension for your resubmission that was due on August 5, 2021. We did not receive an updated profile, but did receive your revised video script. Because we did not receive an updated Voter Guide submission, we were unable to publish any other information in the print Voter Guide. Your online Voter Guide profile will contain your name and the video you filmed in August.

Sincerely,

Hannah Egerton

Dear Ms. Loprest,

Dear Mr. Duhalde-Wine,

I urge you to reconsider my request about the appearance of my name in the voter guide materials. There is a mismatch between how my name appears on the ballot and how it will appear in the CFB's voter guide. We are in the midst of a

A022

COVID pandemic, an opioid crisis and a mental health crisis. The BOE has already determined that my name will appear as "Dr. Devi Elizabeth Nampiaparampil" on the ballot. For it to appear as something different in a voter guide that is supposed to help people with their decision-making-- for the "Dr." title in particular to be left out-- might make it seem as though the CFB is trying to steer voters in a particular direction rather than simply comply with the law, which was determined by the 2018 election (Dr. Jeffrey Ascherman). Based on the precedent set by that election, the CFB should never have had a policy forbidding certain honorifics.

I am urging you to correct the mistake now. If the voter guide has already been printed, please consider a separate insert or postcard with my updated information. The video hasn't been published. It can and should be updated immediately.

When I first submitted my materials, I was instructed that I absolutely could not use the Dr. title or the M.D. degree in any of my materials. I complied. The Board of Elections told me the same about the ballot. They cited the law.

Then I argued my own case-- in front of the Board of Elections commissioners-- citing the precedent of Dr. Jeff Ascherman who ran for office in 2018 in addition to various other reasons for the name change. The BOE reversed their decision. Here is the video link of the hearing itself:

<https://vimeo.com/606235468>

I contacted Dru Gibson immediately about the name change. She replied that she couldn't take any significant actions. Then I contacted my liaison, Jaclyn Williams. I also contacted the generic VGSA email. When I asked for the voter guide name to MATCH the ballot name, the CFB gave two conflicting reasons for the denial. First, the CFB said no honorifics would ever be allowed. When I asked for specifics on what law or policy that decision was based (the BOE was able to mail me a reference to section of the law before they reversed their decision), the CFB changed course.

The CFB then said it was my own fault for not including my "Dr." title before the deadline. If the second reason is the real problem, then that is a communication issue on the CFB's part. Because I did request the Dr. title. I couldn't submit it because of the way the software was programmed. But I handwrote my request on the consent form I signed for the CFB video on August 17th.

I have been consistent throughout because I knew about the Dr. Jeff Ascherman case and I had the ballot from his election as proof. I texted the ballot to Dru Gibson the same day I received her phone number. In my text to her, I explained that it was not clear to me why Dr. Jeff Ascherman was allowed to use his title for his election when I am not. I worked just as hard for my degree as he did.

The CFB had a copy of that ballot on that day itself-- that first day I met Dru. I have CONSISTENTLY requested the name change since April 2021. The BOE and the CFB have delayed seriously reviewing my request. That does not make it my fault that the timing is inconvenient now.
